

FLORESVILLE
ISD
Emergency
Operations Plan

Promulgation Statement

Floresville ISD is committed to the safety and security of students, faculty, staff, and visitors on its six campuses. In order to support that commitment, the School Board has asked for a thorough review of the Floresville ISD's emergency mitigation/prevention, preparedness, response, and recovery procedures relevant to natural and human-caused disasters.

The Emergency Operations Plan that follows is the official policy of Floresville ISD. It is a result of a comprehensive review and update of school policies in the context of its location in Floresville, Texas and in the current world situation. We support its recommendations and commit the Floresville ISD's resources to ongoing training, exercises, and maintenance required to keep it current.

This plan is a blueprint that relies on the commitment and expertise of individuals within and outside of the Floresville ISD community. Furthermore, clear communication with emergency management officials and ongoing monitoring of emergency management practices and advisories is essential.

II. PURPOSE

This Basic Plan outlines Floresville ISD's approach to emergency management and operations. It provides general guidance for emergency management activities and an overview of Floresville ISD's methods of mitigation, preparedness, response, and recovery. The plan describes Floresville ISD's emergency response organization and assigns responsibilities for various emergency tasks. This plan is intended to empower employees in an emergency and clarify emergency roles and response. It is also intended to provide a framework for more specific functional annexes that describe in more detail who does what, when, and how. This plan applies to all local Floresville ISD's officials, staff, and students. The primary audience for the document includes the school board, school district, school administrators, staff tasked within the document or annexes, emergency management staff, leaders of local volunteer organizations that support emergency operations, and others who may participate in mitigation, preparedness, response, and recovery efforts.

This Basic Plan outlines Floresville ISD's approach to emergency management and operations. It has been developed to assist Floresville ISD protect its staff and students during an emergency situation. This plan takes an all-hazard approach to emergency management and plans for mitigation/prevention, preparedness, response, and recovery.

Mission and Goals

1. The mission of Floresville ISD in an emergency/disaster is to:
 - a. Protect lives and property
 - b. Mitigate the effects of a disaster
 - c. Prepare for emergencies and disasters

- d. Respond to emergencies promptly and properly
 - e. Aid in recovery from disasters
2. The goals of Floresville ISD
- a. Provide emergency response plans, services, and supplies for all facilities and employees
 - b. Coordinate the use of school personnel and facilities within the school
 - c. Restore normal services as quickly as possible
 - d. Provide detailed and accurate documentation of emergencies to aid in the recovery process

III. EXPLANATION OF TERMS

A. Acronyms

ARC	American Red Cross
CFR	Code of Federal Regulations
DEM	Division of Emergency Management
DHS	Department of Homeland Security
DSHS	Department of State Health Services (aka TDH)
EOC	Emergency Operations Center
EOPT	Emergency Operations Planning Team
EPI	Emergency Public information
FBI	Federal Bureau of Investigation
FEMA	Federal Emergency Management Agency
Hazmat	Hazardous Material
HSPD	Homeland Security Presidential Directive
IC	Incident Commander
ICP	Incident Command Post
ICS	Incident Command System
NIMS	National Incident Management System
NRP	National Response Plan
SOC	State Operations Center
SOPs	Standard Operating Procedures
TSA	The Salvation Army

B. Definitions

1. Emergency Public Information (EPI)

Information that is disseminated to the public via the news media before, during, and/or after an emergency or disaster.

2. Emergency Situation

As used in this plan, this term is intended to describe a range of situations, from an incident to a major disaster. It includes the following:

a. Incident

An incident is a situation that is limited in scope and potential effects. Characteristics of an incident include:

- 1) Involves a limited area and/or limited population.
- 2) Evacuation or in-place sheltering is typically limited to the immediate area of the incident.
- 3) Warning and public instructions are provided in the immediate area, not community-wide.
- 4) One or two local response agencies or departments acting under an IC normally handle incidents. Requests for resource support are normally handled through agency and/or departmental channels.
- 5) May require limited external assistance from other local response agencies or contractors.

b. Emergency

An emergency is a situation that is larger in scope and more severe in terms of actual or potential effects than an incident. Characteristics include:

- 1) Involves a large area, significant population, or important facilities.
- 2) May require implementation of large-scale evacuation or in-place sheltering and implementation of temporary shelter and mass care operations.
- 3) May require community-wide warning and public instructions.
- 4) Requires a sizable multi-agency response operating under an IC.
- 5) May require some external assistance from other local response agencies, contractors, and limited assistance from state or federal agencies.
- 6) The EOC will be activated to provide general guidance and direction, coordinate external support, and provide resource support for the incident.

c. Disaster

A disaster involves the occurrence or threat of significant casualties and/or widespread property damage that is beyond the capability of the local government to handle with its organic resources. Characteristics include:

- 1) Involves a large area, a sizable population, and/or important facilities.
- 2) May require implementation of large-scale evacuation or in-place sheltering and implementation of temporary shelter and mass care operations.
- 3) Requires community-wide warning and public instructions.
- 4) Requires a response by all local response agencies operating under one or more ICs.
- 5) Requires significant external assistance from other local response agencies, contractors, and extensive state or federal assistance.
- 6) The EOC will be activated to provide general guidance and direction, provide emergency information to the public, coordinate state and federal support, and coordinate resource support for emergency operations.

3. Hazard Analysis

A document published separately from this plan that identifies the local hazards that have caused or possess the potential to adversely affect public health and safety, public or private property, or the environment.

4. Hazardous Material (Hazmat)

A substance in a quantity or form posing an unreasonable risk to health, safety, and/or property when manufactured, stored, or transported. The substance, by its nature, containment, and reactivity, has the capability for inflicting harm during an accidental occurrence. It can be toxic, corrosive, flammable, reactive, an irritant, or a strong sensitizer, and poses a threat to health and the environment when improperly managed. Hazmats include toxic substances, certain infectious agents, radiological materials, and other related materials such as oil, used oil, petroleum products, and industrial solid waste substances.

5. Inter-local agreements

Arrangements between governments or organizations, either public or private, for reciprocal aid and assistance during emergency situations where the resources of a single jurisdiction or organization are insufficient or inappropriate for the tasks that must be performed to control the situation are commonly referred to as a mutual aid agreement.

6. Standard Operating Procedures (SOP)

Approved methods for accomplishing a task or set of tasks. SOPs are typically prepared at the department or agency level.

IV. SITUATION AND ASSUMPTIONS

A. Situation

Floresville ISD is exposed to many hazards, all of which have the potential for disrupting the school community, causing casualties, and damaging or destroying public or private property. A summary of the major hazards is provided in Figure 1. More detailed information is provided in a Hazard Analysis, published separately.

B. Describe the enrollment and employment figures

1. District

- a. The district's current enrollment is approximately 3608 students of which 1069 attend the district's high school, 35 (number will vary), 860 attend the district's middle school and 1644 attend the district's elementary schools. The district's staff is comprised of 10 district office staff, 313 teachers and 14 administrators. Additionally there are 151 office/support staff, 76 aides, 45 cafeteria staff, 41 custodial staff, and 18 maintenance staff.
 - i. Early Childhood Campus located at 1200 5th Street, Floresville, Texas, current enrollment is approximately 374 students. The school's staff is comprised of 20 teachers and 2 administrators. Additionally there are 8 office/support staff, 15 aides, 4 cafeteria staff and 3 custodial staff;
 - ii. Primary Campus located at 1103 4th Street, Floresville, Texas, current enrollment is approximately 513 students. The school's staff is comprised of 35 teachers and 2 administrators. Additionally there are 3 office/support staff, 15 aides, 5 cafeteria staff and 4 custodial staff;
 - iii. Elementary Campus located at 2000 Tiger Lane, Floresville, Texas, current enrollment is approximately 757 students. The school's staff is comprised of 40 teachers and 3 administrators. Additionally there are 4 office/support staff, 20 aides, 7 cafeteria staff and 8 custodial staff;
 - iv. Middle School located at 2601 B Street, Floresville, Texas, current enrollment is approximately 860 students. The school's staff is comprised of 61 teachers and 5 administrators. Additionally there are 4 office/support staff, 11 aides, 10 cafeteria staff and 10 custodial staff;
 - v. High School located at 1000 Tenth Street, Floresville, Texas, current enrollment is approximately 1,069 students. The school's staff is comprised of 85 teachers and 4 administrators. Additionally there are 14 office/support staff, 15 aides, 15 cafeteria staff and custodial staff.

- vi. Alternative School located at 507 Tenth Street, Floresville, Texas, current enrollment is approximately 35 students. The school's staff is comprised of 6 teachers and 1 administrator. Additionally there are 5 office/support staff, 4 aides and 1 custodial staff.

C. Floresville ISD is made up of seven locations.

a. The Floresville ISD consist of:

- i. Administration Building located at 908 Tenth Street;
- ii. Early Childhood Campus located at 1200 5th Street;
- iii. Primary Campus located at 1103 4th Street;
- iv. Elementary Campus located at 2000 Tiger Lane;
- v. Middle School located at 2601 B Street;
- vi. High School located at 1000 Tenth Street; and
- vii. Alternative School located at 507 Tenth Street.

b. A map of the buildings annotated with evacuation routes and utility shut offs is in Appendix 4.

D. Explain geographical location

Geographically, the Floresville ISD encompasses 285 square miles of rural territory. The 2000 census reported the population for the district as 17,856.

A summary of the major hazards is provided in Figure 1. A complete hazard analysis and security audit has been completed for Floresville ISD. After reviewing the Floresville ISD's hazard analysis and security audit, it appears that the Floresville ISD is most likely to be affected by Flash Flooding (**High Risk**); flooding (river), hurricane, tornado, wildfire, chemical/hazardous materials, fire, power outage, water system failure, transportation accidents, medial emergency, mass contamination, bomb threat, civil disorder, explosion, intruder, kidnapping/abduction, report of weapon on campus, sexual assault, suspicious package/device, terrorism, and weapons assault (**Medium Risk**).

FIGURE 1: HAZARD SUMMARY

	<i>FREQUENCY</i>	<i>MAGNITUDE</i>	<i>WARNING TIME</i>	<i>SEVERITY</i>	<i>RISK PRIORITY</i>
HAZARD TYPE:					
NATURAL					
EARTHQUAKE	4 Highly likely 3 Likely 2 Possible 1 Unlikely	4 Catastrophic 3 Critical 2 Limited 1 Negligible	4 Minimal 3 6-12 hours 2 12-24 hours 1 24+ hours	4 Catastrophic 3 Critical 2 Limited 1 Negligible	High Medium Low
FLASH FLOODING	4 Highly likely 3 Likely 2 Possible 1 Unlikely	4 Catastrophic 3 Critical 2 Limited 1 Negligible	4 Minimal 3 6-12 hours 2 12-24 hours 1 24+ hours	4 Catastrophic 3 Critical 2 Limited 1 Negligible	High Medium Low
FLOODING (RIVER OR TIDAL)	4 Highly likely 3 Likely 2 Possible 1 Unlikely	4 Catastrophic 3 Critical 2 Limited 1 Negligible	4 Minimal 3 6-12 hours 2 12-24 hours 1 24+ hours	4 Catastrophic 3 Critical 2 Limited 1 Negligible	High Medium Low
HURRICANE	4 Highly likely 3 Likely 2 Possible 1 Unlikely	4 Catastrophic 3 Critical 2 Limited 1 Negligible	4 Minimal 3 6-12 hours 2 12-24 hours 1 24+ hours	4 Catastrophic 3 Critical 2 Limited 1 Negligible	High Medium Low

TERRORISM	4 Highly likely 3 Likely 2 Possible 1 Unlikely	4 Catastrophic 3 Critical 2 Limited 1 Negligible	4 Minimal 3 6-12 hours 2 12-24 hours 1 24+ hours	4 Catastrophic 3 Critical 2 Limited 1 Negligible	High Medium Low

WEAPONS ASSAULT	4 Highly likely	4 Catastrophic	4 Minimal	4 Catastrophic	High Medium Low
	3 Likely	3 Critical	3 6-12 hours	3 Critical	
	2 Possible	2 Limited	2 12-24 hours	2 Limited	
	1 Unlikely	1 Negligible	1 24+ hours	1 Negligible	

1 – 7 = Low Risk

8 – 13 = Medium Risk

14 – 16 = High Risk

NOTE: All hazards with a risk priority rating of high or medium should be considered in your school's plan.

E. Assumptions

1. Floresville ISD will continue to be exposed to and subject to the impact of those hazards described above, as well as, lesser hazards and others that may develop in the future.
2. It is possible for a major disaster to occur at any time, and at any place. In many cases, dissemination of warning to the public and implementation of increased readiness measures may be possible. However, some emergency situations occur with little or no warning.
3. A single site emergency, i.e. fire, gas main breakage, etc, could occur at any time without warning and the employees of the school affected cannot, and should not, wait for direction from your local response agencies. Action is required immediately to save lives and protect school property.
4. Following a major or catastrophic event, the Floresville ISD will have to rely on its own resources to be self-sustaining for up to 72 hours.
5. There may be a number of injuries of varying degrees of seriousness to faculty, staff, and/or students. However, rapid and appropriate response will reduce the number and severity of injury.
6. Outside assistance will be available in most emergency situations. Since it takes time to summon external assistance, it is essential for Floresville ISD to be prepared to carry out the initial emergency response on an independent basis.
7. Proper mitigation actions, such as creating a positive school environment, and fire inspections, can prevent or reduce disaster-related losses. Detailed emergency planning, training of staff, students and other personnel, and conducting periodic emergency drills and exercises can improve Floresville ISD's readiness to deal with emergency situations.
8. A spirit of volunteerism among Floresville ISD employees, students and families will result in their providing assistance and support to emergency response efforts

F. Limitations: It is the policy of Floresville ISD that no guarantee is implied by this plan of a perfect response system. As personnel and resources may be overwhelmed, Floresville ISD can only endeavor to make every reasonable effort to respond to the situation, with the resources and information available at the time

V. CONCEPT OF OPERATIONS

A. Objectives

The objectives of Floresville ISD emergency operations program are to protect the lives and well-being of its students and staff through the prompt and timely response of trained school personnel should an emergency affect the school. To meet these objectives, Floresville ISD shall establish and maintain a comprehensive emergency operations program that includes plans and procedures, hazard analysis, security audits, training and exercise, and plan review and maintenance.

B. General

1. It is the responsibility of Floresville ISD officials to protect students and staff from the effects of hazardous events. This involves having the primary role in identifying and mitigating hazards, preparing for and responding to, and managing the recovery from emergency situations that affect Floresville ISD.
2. It is the responsibility of Floresville ISD to provide in-service emergency response education for all school and office personnel
3. It is the responsibility of the school principal for each campus to conduct drills and exercises to prepare school personnel as well as students for an emergency situation
4. To achieve the necessary objectives, an emergency program has been organized that is both integrated (employs the resources of the district, school, local emergency responders, organized volunteer groups, and businesses) and comprehensive (addresses mitigation/prevention, preparedness, response, and recovery). This plan is one element of the preparedness activities.
5. This plan is based on a multi-hazard approach to emergency planning. It addresses general functions that may need to be performed during **any** emergency situation and is not a collection of plans for specific types of incidents. For example, the warning annex addresses techniques that can be used to warn staff, students and parents during any emergency situation, whatever the cause.
6. The Incident Command System (ICS) will be used to manage all emergencies that occur within the district. We encourage the use of ICS to perform non-emergency tasks to promote familiarity with the system. All district and site personnel will be trained in ICS.
7. Personnel tasked in this plan are expected to develop and keep current standard operating procedures (SOP) that describe how emergency tasks will be performed. The Floresville ISD is charged with insuring the training and equipment necessary for an appropriate response are in place.

8. This plan is based upon the concept that the emergency functions that must be performed by Floresville ISD generally parallel some of their normal day-to-day functions. To the extent possible, the same personnel and material resources used for day-to-day activities will be employed during emergency situations. Because personnel and equipment resources are limited, some routine functions that do not contribute directly to the emergency may be suspended for the duration of an emergency. The personnel, equipment, and supplies that would normally be required for those functions will be redirected to accomplish emergency tasks.
9. Local government is responsible for organizing, training, and equipping local emergency responders and emergency management personnel, providing appropriate emergency facilities, providing suitable warning and communications systems, and for contracting for emergency services. The state and federal governments offer programs that provide some assistance with portions of these responsibilities.

C. Operational Guidance

1. Initial Response

Floresville ISD personnel are likely to be first on the scene of an emergency situation within the school. They will normally take charge and remain in charge of the incident until it is resolved or others who have legal authority to do so assume responsibility. They will seek guidance and direction from local officials and seek technical assistance from state and federal agencies and industry where appropriate.

- a. The superintendent/assistant superintendent will be responsible for activating the Floresville ISD emergency operations plan and the initial response:
 - 1) Evacuation – Requires all staff and students to leave the building. Evacuation can be highly effective if it can be completed before the arrival of the hazard.
 - 2) Reverse Evacuation – Requires all staff and student to go to safe places in the building from outside the building.
 - 3) Lock down – All exterior doors and classroom doors are locked and students and staff stay in their classrooms
 - 4) Shelter-in-place – Students and staff are held in the building, windows and doors are sealed and all ventilation systems are shut off. Limited movement is allowed. Shelter-in-place is most effective during emergencies involving hazardous materials which produce toxic vapors outside of the facility. Taking shelter inside a sealed building is highly effective in keeping students and staff safe.
 - 5) Drop, cover and hold – Students and staff drop low, take cover under furniture, cover eyes and protect internal organs

2. Notification Procedures

- a. In case of an incident at any district facility, the flow of information shall be from the school principal/designee to the district office. Information should include the nature of the incident and the impact, on the facility, students and staff.
- b. In the event the district is in receipt of information, such as a weather warning that may affect a school within the district, the information shall be provided to the school principal/designee. Specific guidelines are found in the individual annexes and appendices.

3. Training and Exercise

- a. Floresville ISD understands the importance of training, drills, and exercises in the overall emergency management program. To ensure that district personnel and community first responders are aware of their duties and responsibilities under the Floresville ISD plan and the most current procedures, the following training, drill and exercise actions will occur:
 - 1) Training and refresher training sessions shall be conducted for all Floresville ISD personnel. In case of academic staff, training should coincide with the first in-service week of the school year. Training for the remainder of the support staff shall be held at a time during the school year that will allow for maximum attendance
 - 2) Information addressed in these sessions will include updated information on plans and/or procedures and changes in the duties and responsibilities of plan participants. Discussions will also center on any revisions to additional materials such as annexes and appendices. Input from all employees is encouraged.
 - 3) Floresville ISD will plan for drills and exercises during the school year. The types and number of drills and exercises will be determined by the Superintendent.
 - 4) Floresville ISD will participate in any external drills or exercises sponsored by local emergency responders. Availability of Floresville ISD personnel and the nature of the drill or exercise shall govern the degree to which the district will participate as it relates to improving Floresville ISD's ability to respond to and deal with emergencies.

4. Implementation of the Incident Command System (ICS)

- a. The designated incident commander (IC) for the Floresville ISD will implement the ICS and serve as the IC until relieved by a more senior or more qualified individual. The IC will establish an incident command post (ICP) and provide an assessment of the situation to local officials, identify response resources required, and direct the on-scene response from the ICP.
- b. For disaster situations, a specific incident scene may not exist in the initial response phase and the local Emergency Operations Center may accomplish initial response actions, such as mobilizing personnel and equipment and issuing precautionary

warning to the public. As the potential threat becomes clearer and a specific impact site or sites identified, an Incident Command Post may be established at the school, and direction and control of the response transitioned to the IC. This scenario would likely occur during a community wide disaster.

5. Source and Use of Resources

- a. Floresville ISD will use its own resources to respond to emergency situations until emergency response personnel arrive. If additional resources are required, the following options exist:
 - 1) Request assistance from volunteer groups active in disasters.
 - 2) Request assistance from industry or individuals who have resources needed to assist with the emergency situation.

D. Incident Command System

1. Floresville ISD intends to employ ICS in managing emergencies. ICS is both a strategy and a set of organizational arrangements for directing and controlling field operations. It is designed to effectively integrate resources from different agencies into a temporary emergency organization at an incident site that can expand and contract with the magnitude of the incident and resources on hand.
2. The incident commander is responsible for carrying out the ICS function of command managing the incident. The four other major management activities that form the basis of ICS are operations, planning, logistics, and finance/administration. For small-scale incidents, the IC and one or two individuals may perform all of these functions. For larger incidents, a number of individuals from different local emergency response agencies may be assigned to separate staff sections charged with those functions.
3. In emergency situations where other jurisdictions or the state or federal government are providing significant response resources or technical assistance, it is generally desirable to transition from the normal ICS structure to a Unified Command structure. This arrangement helps to ensure that all participating agencies are involved in developing objectives and strategies to deal with the emergency.

E. Incident Command System (ICS)—Emergency Operations Center (EOC) Interface

1. For community-wide disasters, the EOC will be activated. When the EOC is activated, it is essential to establish a division of responsibilities between the ICP and the EOC. A general division of responsibilities is outlined below. It is essential that a precise division of responsibilities be determined for specific emergency operations.
2. The IC is generally responsible for field operations, including:
 - a. Isolating the scene.
 - b. Directing and controlling the on-scene response to the emergency situation and managing the emergency resources committed there.

- c. Warning the district/school staff and students in the area of the incident and providing emergency instructions to them.
 - d. Determining and implementing protective measures (evacuation or in-place sheltering) for the district/school staff and students in the immediate area of the incident and for emergency responders at the scene.
 - e. Implementing traffic control arrangements in and around the incident scene.
 - f. Requesting additional resources from the EOC.
3. The EOC is generally responsible for:
- a. Providing resource support for the incident command operations.
 - b. Issuing community-wide warning.
 - c. Issuing instructions and providing information to the general public.
 - d. Organizing and implementing large-scale evacuation.
 - e. Organizing and implementing shelter and mass arrangements for evacuees.
4. In some large-scale emergencies or disasters, emergency operations with different objectives may be conducted at geographically separated scenes. In such situations, more than one incident command operation may be established. If this situation occurs, it is particularly important that the allocation of resources to specific field operations be coordinated through the EOC.

F. Activities by Phases of Emergency Management

This plan addresses emergency actions that are conducted during all four phases of emergency management.

1. Mitigation/Prevention

Floresville ISD will conduct mitigation/prevention activities as an integral part of the emergency management program. Mitigation/prevention is intended to eliminate hazards and vulnerabilities, reduce the probability of hazards and vulnerabilities causing an emergency situation, or lessen the consequences of unavoidable hazards and vulnerabilities. Mitigation/prevention should be a pre-disaster activity, although mitigation/prevention may also occur in the aftermath of an emergency situation with the intent of avoiding repetition of the situation. Among the mitigation/prevention activities included in the emergency operations program are:

- a. Hazard Analysis
 - 1) Identifying hazards
 - 2) Recording hazards
 - 3) Analyzing hazards

- 4) Mitigating/preventing hazards
- 5) Monitoring hazards
- b. Security Audit
 - 1) VSAT

2. Preparedness

Preparedness activities will be conducted to develop the response capabilities needed in the event an emergency. Among the preparedness activities included in the emergency operations program are:

- a. Providing emergency equipment and facilities.
- b. Emergency planning, including maintaining this plan, its annexes, and appendices
- c. Involving emergency responders, emergency management personnel, other local officials, and volunteer groups who assist Floresville ISD during emergencies in training opportunities.
- d. Conducting periodic drills and exercises to test emergency plans and training.
- e. Completing an After Action Review after drills, exercises and actual emergencies
- f. Revise plan as necessary

3. Response

Floresville ISD will respond to emergency situations effectively and efficiently. The focus of most of this plan and its annexes is on planning for the response to emergencies. Response operations are intended to resolve an emergency situation quickly, while minimizing casualties and property damage. Response activities include warning, first aid, light fire suppression, law enforcement operations, evacuation, shelter and mass care, light search and rescue, as well as other associated functions.

4. Recovery

If a disaster occurs, Floresville ISD will carry out a recovery program that involves both short-term and long-term efforts. Short-term operations seek to restore vital services to Floresville ISD and provide for the basic needs of the staff and students. Long-term recovery focuses on restoring the school to its normal state. The federal government, pursuant to the Stafford Act, provides the vast majority of disaster recovery assistance. The recovery process includes assistance to students, families and staff. Examples of recovery programs include temporary relocation of classes, restoration of school services, debris removal, restoration of utilities, disaster mental health services, and reconstruction of damaged stadiums and athletic facilities.

G. Emergencies Occurring During Summer or Other School Breaks

If a school administrator or other emergency response team member is notified of an emergency during the summer (or when affected students are off-track if they attend year-round schools), the response usually will be one of limited school involvement. In that case, the following steps should be taken:

1. Institute the phone tree to disseminate information to Emergency Response Team members and request a meeting of all available members.
2. Identify close friends/staff most likely to be affected by the emergency. Keep the list and recheck it when school reconvenes.
3. Notify staff or families of students identified in #2 and recommend community resources for support.
4. Notify general faculty/staff by letter or telephone with appropriate information.
5. Schedule faculty meeting for an update the week before students return to school.
6. Be alert for repercussions among students and staff. When school reconvenes, check core group of friends and other at-risk students and staff, and institute appropriate support mechanisms and referral procedures.

VI. ORGANIZATION AND ASSIGNMENT OF RESPONSIBILITIES

A. Organization

1. General

Floresville ISD organization for emergencies includes an executive group, emergency operations planning team, emergency response teams, emergency services, and support services.

Executive Group

The Executive Group provides guidance and direction for emergency management programs and for emergency response and recovery operations. The Executive Group includes the school board, the superintendent and the school district's emergency management coordinator.

Emergency Operations Planning Team

The Emergency Operations Planning Team develops an emergency operations plan for the district, coordinates with local emergency services to develop functional annexes as well as annexes for specific hazards, coordinates district/school's planning activities and recruits members of the district's emergency response teams. There will be an EOPT at the district level. The Emergency Operations Planning Team includes superintendent, district emergency management coordinator, principals, assistant principals, counselors, nurses, selected staff, social worker, parents, and community members.

Emergency Response Teams

Emergency Response Teams assists the Incident Commander in managing an emergency and providing care for Floresville ISD employees and students before local emergency services arrive or in the event of normal local emergency services being unavailable. The Emergency Response Teams includes selected school staff.

Emergency Services

Emergency Services include the IC and those departments, agencies, and groups with primary emergency response actions. The IC is the person in charge at an incident site.

Emergency Support Services

This group includes departments and agencies that support and sustain emergency responders and also coordinate emergency assistance provided by organized volunteer organizations, business and industry, and other sources.

Volunteer and Other Services

This group includes organized volunteer groups and businesses who have agreed to provide certain support for emergency operations.

B. Assignment of Responsibilities

1. General

For most emergency functions, successful operations require a coordinated effort from a number of personnel. To facilitate a coordinated effort, district and school staff, and other school personnel are assigned primary responsibility for planning and coordinating specific emergency functions. Generally, primary responsibility for an emergency function will be assigned to an individual from Floresville ISD who possesses the most appropriate knowledge and skills. Other school personnel may be assigned support responsibilities for specific emergency functions.

2. The individual having primary responsibility for an emergency function is normally responsible for coordinating preparation of and maintaining that portion of the emergency plan that addresses that function. Listed below are general responsibilities assigned to the Executive Group, Emergency Operations Planning Team, Emergency Response Teams, Teachers, Emergency Services, and Support Services. Additional specific responsibilities can be found in the functional annexes to this Basic Plan.

3. Executive Group Responsibilities

a. The School Board will

- 1) Establish objectives and priorities for the emergency management program and provide general policy guidance on the conduct of that program.
- 2) Establish a school emergency operations plan review committee to approve and coordinate all emergency response plans

- 3) Review school construction and renovation projects for safety
- b. The Superintendent will:
- 1) Appoint a district Emergency Management Coordinator to assist in planning and review
 - 2) Consult with the local Emergency Management Office to analyze system needs in regard to emergency preparedness, planning and education and to ensure coordination of the school plan with community emergency plans
 - 3) Develop and coordinate in-service emergency response education for all Floresville ISD personnel
 - 4) Obtain a resolution from the local school board giving needed authority and support to develop school emergency operations programs and plans
 - 5) Initiate, administer, and evaluate emergency operations programs to ensure the coordinated response of all schools within the system
 - 6) Authorize implementation of emergency preparedness curriculum
 - 7) Gather information from all aspects of the emergency for use in making decisions about the management of the emergency
 - 8) Have overall decision-making authority in the event of an emergency until emergency services arrive
 - 9) Monitor the emergency response during emergency situations and provide direction where appropriate
 - 10) With the assistance of the Public Information Officer (District Emergency Management Coordinator) keep the public informed during emergency situations
 - 11) Stay in contact with the leaders of the emergency service agencies working with the emergency
 - 12) Keep school board informed of emergency status
 - 13) Request assistance from local emergency services when necessary
 - 14) Meet and talk with the parents of students and spouses of adults who have been admitted to the hospital.
 - 15) Assign resources (persons and materials) to various sites for specific needs. This may include the assignment of school personnel from other school or community sites such as community emergency shelters.
 - 16) Authorize immediate purchase of outside services and materials needed for the management of emergency situations.

- c. The District Emergency Management Coordinator will:
- 1) Serve as the staff advisor to the superintendent and principals on emergency management matters.
 - 2) Keep the superintendent and principals apprised of the preparedness status and emergency management needs.
 - 3) Coordinate local planning and preparedness activities and the maintenance of this plan.
 - 4) Prepare and maintain a resource inventory.
 - 5) Arrange appropriate training for district emergency management personnel and emergency responders.
 - 6) Coordinate periodic emergency exercises to test emergency plans and training.
 - 7) Perform day-to-day liaison with the state emergency management staff and other local emergency management personnel.
 - 8) Coordinate with organized volunteer groups and businesses regarding emergency operations.
- d. The assistant superintendent will:
- 1) Act as Floresville ISD's Emergency Management Coordinator
 - 2) Implement the policies and decisions of the governing body relating to emergency management.
 - 3) Organize the school's emergency management program and identify personnel, equipment, and facility needs.
 - 4) Ensure that the plan is coordinated with the district's plans and policies
 - 5) Assign selected staff members to the Emergency Operations Planning Team who will develop the school's emergency operations plan
 - 6) Ensure that school personnel and students participate in emergency planning, training, and exercise activities.
 - 7) Conduct drills and initiate needed plan revisions based on After Action Reports
 - 8) Encourage incorporation of emergency preparedness material into regular curriculum
 - 9) Provide copies of the school plan to the district superintendent and local Emergency Management office

- 10) Monitor developing situations such as weather conditions or incidents in the community that may impact the school
- 11) Establish an Incident Command Post
- 12) Act as Incident Commander until superintendent or emergency services arrives
- 13) Assign school emergency responsibilities to staff as required
- 14) Coordinate use of building as public shelter for major emergencies occurring in the city or county
- 15) Coordinate emergency assistance and recovery

4. Emergency Operations Planning Team will:

- 1) In conjunction with the district and local emergency services create and maintain the Emergency Operations Plan
- 2) Create annexes for their specific emergency function
- 3) In conjunction with the district and local emergency management officials, conduct a hazard analysis
- 4) Ensure campus Emergency Response Teams are organized
- 5) Recommend training for the Emergency Response Teams
- 6) Ensure each campus establishes a partner system to pair teachers and classes so that teachers assigned to an Emergency Response Team, can fulfill the duties
- 7) Provide information to staff, student and community on emergency procedures
- 8) Provide assistance during an emergency in accordance with designated roles
- 9) Conduct debriefings at the conclusion of each emergency to critique the effectiveness of the emergency operations plan

5. Emergency Response Teams will:

- 1) Participate in the Community Emergency Response Team (CERT) program
- 2) Assist the superintendent and the principals during an emergency by providing support and care for Floresville ISD employees and students during an emergency before local emergency services arrive or in the event of normal local emergency services being unavailable.
- 3) Provide the following functions when necessary and when performing their assigned function will not put them in harm's way:

- a) Facility evacuation – The Evacuation team will be trained to assist in the evacuation of all school facilities and to coordinate the assembly and the accountability of the employees and students once an evacuation has taken place
- b) First aid – The First Aid team will be trained to provide basic first aid to injured students and/or staff
- c) Light Search and rescue-The Light Search and Rescue team will be trained in search and rescue operations through the CERT Program.
- d) Limited fire suppression-The Limited Fire Suppression team will be trained in limited fire suppression operations through the CERT Program.
- e) Damage assessment – The Damage Assessment team will be trained to conduct a building assessment of school buildings to evaluate whether or the building(s) are safe for occupation
- f) Student/Parent Reunification – The Student/Parent Reunification team will establish sites for the orderly dismissal of students to their parents
- g) Student supervision – The Student/Staff Supervision team will be responsible for supervising the students while emergency response activities are occurring
- h) Support and security – The Support and Security team will be responsible for securing the school grounds and make preparations for caring for students until it is safe to release them

6. Teachers will:

- 1) Prepare classroom emergency kits
- 2) Participate in trainings, drills and exercises
- 3) Direct and supervise students en-route to pre-designated safe areas within the school grounds or to an off-site evacuation shelter
- 4) Maintain order while in student assembly area
- 5) Verify the location and status of every student. Report to the incident commander or designee on the condition of any student needing additional assistance
- 6) Establish a partner system for students and teachers with disabilities
- 7) Remain with assigned students throughout the duration of the emergency, unless otherwise assigned through a partner system or until every student has been released through the official “student/family reunification process”

7. Technology/Information Services Role

- 1) Coordinate use of technology.
- 2) Assist in establishment/maintenance of emergency communications network.
- 3) Assist in obtaining needed student and staff information from the computer files.
- 4) Prepare and maintain information that contains floor plans, telephone line locations, computer locations, and other communications equipment.
- 5) Establish and maintain computer communication with the central office and with other agencies capable of such communication.
- 6) Provide the District Emergency Management Coordinator with a printout of student and staff information which will be updated each semester to be used in case of an emergency.
- 7) As needed, report various sites involved in the communication system if there are problems in that system.

8. Transportation Role

- 1) Establish and maintain protocols for transportation-related emergencies.
- 2) Establish and maintain plans for the emergency transport of Floresville ISD personnel and students
- 3) Coordinate transportation plans with State Police and other law enforcement personnel, as appropriate.

9. Common Responsibilities for Emergency and Support Services

All emergency services and support services will:

- 1) Provide personnel, equipment, and supplies to support emergency operations upon request.
- 2) Provide trained personnel to staff the ICP and EOC and conduct emergency operations.
- 3) Report information regarding emergency situations and damage to facilities and equipment to the IC or the EOC.

10. Emergency Services Responsibilities

a. The IC will:

- 1) Manage emergency response resources and operations at the incident site command post to resolve the emergency situation.

- 2) Determine and implement required protective actions for response personnel and the public at an incident site.

VII. DIRECTION AND CONTROL

A. General

1. The superintendent/ emergency management coordinator is responsible for establishing objectives and policies for emergency operations and providing general guidance for emergency response and recovery operations. During disasters, he/she may carry out those responsibilities from the ICP.
2. The superintendent/ emergency management coordinator will provide overall direction of the response activities of the Floresville ISD. During major emergencies and disaster, he/she will normally carry out those responsibilities from the ICP.
3. The superintendent/ emergency management coordinator/principal will manage the Incident Command Post.
4. The Incident Commander, assisted by a staff sufficient for the tasks to be performed, will manage the emergency response from Incident Command Post until local emergency services arrive.
5. During emergency operations, the Floresville ISD administration retains administrative and policy control over their employees and equipment. However, personnel and equipment will carry out mission assignments directed by the Incident Commander. Each department and agency is responsible for having its own operating procedures to be followed during response operations, but interagency procedures, such as common communications protocol, may be adopted to facilitate coordinated effort.
6. If Floresville ISD's own resources are insufficient or inappropriate to deal with an emergency situation, assistance from local emergency services, organized volunteer groups, or the State should be requested through the EOC.

B. Emergency Facilities

1. Incident Command Post.

Except when an emergency situation threatens, but has not yet occurred, and those situations for which there is no specific hazard impact site (such as a severe winter storm or area-wide utility outage), an Incident Command Post or command posts will be established in the vicinity of the incident site(s). As noted previously, the Incident Commander will be responsible for directing the emergency response and managing the resources at the incident scene.

C. Continuity of School Administration

1. The line of succession for the Superintendent is:
 - a. Superintendent
 - b. Assistant Superintendent of Finance

- c. Assistant Superintendent of Curriculum
- 2. The line of succession for the District Emergency Management Coordinator is:
 - a. District Emergency Management Coordinator
 - b. Superintendent
 - c. Assistant Superintendent of Curriculum
- 3. The line of succession for the principal is:
 - a. Principal
 - b. Assistant Principal
 - c. Assistant Principal/Counselor
- 4. The lines of succession for each position shall be in accordance with the SOPs established by the district/school.

VIII. READINESS LEVELS

A. Readiness Levels

Many emergencies follow some recognizable build-up period during which actions can be taken to achieve a gradually increasing state of readiness. A five-tier system is utilized. Readiness Levels will be determined by the superintendent/district emergency management coordinator/principal . General actions to be taken at each readiness level are outlined in the annexes to this plan; more specific actions will be detailed in departmental or agency SOPs.

B. Readiness Action Level Descriptions

The following readiness action levels will be used as a means of increasing Floresville ISD's alert posture. (Based on the Department of Homeland Security and suggested by Department of Education)

- 1. **Green—Low**
 - a. Assess and update emergency operations plans and procedures
 - b. Discuss updates to school and local emergency operations plans with emergency responders
 - c. Review duties and responsibilities of emergency response team members
 - d. Provide CPR and first aid training for staff
 - e. Conduct training and drills
 - f. Conduct 100% visitor ID check

2. **Blue—Increased Readiness**

- a. Review and upgrade security measures
- b. Review emergency communication plan
- c. Inventory, test, and repair communication equipment
- d. Inventory and restock emergency supplies
- e. Conduct emergency operations training and drills

3. **Yellow—Elevated**

- a. Inspect school buildings and grounds for suspicious activities
- b. Assess increased risk with public safety officials
- c. Review crisis response plans with school staff
- d. Test alternative communications capabilities

4. **Orange—High**

- a. Assign staff to monitor entrances at all times
- b. Assess facility security measures
- c. Update parents on preparedness efforts
- d. Update media on preparedness efforts
- e. Address student fears concerning possible emergency
- f. Place school and district emergency response teams on standby alert status

5. **Red—Severe**

- a. Follow local and/or federal government instructions (listen to radio/TV)
- b. Activate emergency operations plan
- c. Restrict school access to essential personnel
- d. Cancel outside activities and field trips
- e. Provide mental health services to anxious students and staff

IX. ADMINISTRATION AND SUPPORT

A. Agreements and Contracts

1. Should Floresville ISD resources prove to be inadequate during an emergency; requests will be made for assistance from local emergency services, other agencies, and industry in accordance with existing mutual-aid agreements and contracts and those agreements and contracts concluded during the emergency. Such assistance may include equipment, supplies, or personnel. All agreements will be entered into by authorized officials and should be in writing whenever possible. Agreements and contracts should identify the school district officials authorized to request assistance pursuant to those documents.
2. The agreements and contracts pertinent to emergency management that Floresville ISD is party to are summarized in Appendix 1.

B. Reports

1. Initial Emergency Report

This short report should be prepared and transmitted by the Incident Command Post when an on-going emergency incident appears likely to worsen and assistance from local emergency services may be needed.

2. Situation Report

A daily situation report should be prepared and distributed by the Incident Command Post during major emergencies or disasters.

3. Other Reports

Several other reports covering specific functions are described in the annexes to this plan.

C. Records

1. Record Keeping for Emergency Operations

Floresville ISD is responsible for establishing the administrative controls necessary to manage the expenditure of funds and to provide reasonable accountability and justification for expenditures made to support emergency operations. This shall be done in accordance with the established local fiscal policies and standard cost accounting procedures.

- a. Activity Logs

The ICP and the district office shall maintain accurate logs recording key response activities, including:

- 1) Activation or deactivation of emergency facilities.

- 2) Emergency notifications to local emergency services
 - 3) Significant changes in the emergency situation.
 - 4) Major commitments of resources or requests for additional resources from external sources.
 - 5) Issuance of protective action recommendations to the staff and students.
 - 6) Evacuations.
 - 7) Casualties.
 - 8) Containment or termination of the incident.
- b. Incident Costs. Floresville ISD shall maintain records summarizing the use of personnel, equipment, and supplies during the response to day-to-day incidents to obtain an estimate of annual emergency response costs that can be used in preparing future district/school budgets.
- c. Emergency or Disaster Costs. For major emergencies or disasters, Floresville ISD Administration Office, on behalf of the campus participating in the emergency response, shall maintain detailed records of costs for emergency operations to include:
- 1) Personnel costs, especially overtime costs
 - 2) Equipment operations costs
 - 3) Costs for leased or rented equipment
 - 4) Costs for contract services to support emergency operations
 - 5) Costs of specialized supplies expended for emergency operations

These records may be used to recover costs from the responsible party or insurers or as a basis for requesting financial assistance for certain allowable response and recovery costs from the state and/or federal government.

2. Preservation of Records

- a. In order to continue normal Floresville ISD operations following an emergency situation, vital records must be protected. These include legal documents and employee and student files. The principal causes of damage to records are fire and water; therefore, essential records should be protected accordingly.
- b. If records are damaged during an emergency situation, Floresville ISD will seek professional assistance to preserve and restore them.

D. Consumer Protection

Consumer complaints regarding alleged unfair or illegal business practices often occur in the aftermath of a disaster. Such complaints will be referred to the 81st District Attorney, who

will pass such complaints to the Consumer Protection Division of the Office of the Attorney General.

E. Post-Incident and Exercise Review

The superintendent/emergency management coordinator is responsible for organizing and conducting a critique following the conclusion of a significant emergency event/incident or exercise. The critique will entail both written and verbal input from all appropriate participants. Where deficiencies are identified, Floresville ISD personnel will be assigned responsibility for correcting the deficiency and a due date shall be established for that action.

X. PLAN DEVELOPMENT AND MAINTENANCE

A. Plan Development

The emergency operations planning team is responsible for the overall development and completion of the Emergency Operations Plan, including annexes. The superintendent/school board is responsible for approving and promulgating this plan.

B. Distribution of Planning Documents

1. The superintendent shall determine the distribution of this plan and its annexes. In general, copies of plans and annexes should be distributed to those tasked in this document. Copies should also be set aside for the EOC and other emergency facilities.
2. The Basic Plan should include a distribution list (See Appendix 14 to this plan) that indicates who receives copies of the basic plan and the various annexes to it. In general, individuals who receive annexes to the basic plan should also receive a copy of this plan, because the Basic Plan describes the emergency management organization and basic operational concepts.

C. Review

The Basic Plan and its annexes shall be reviewed annually by Floresville ISD officials. The emergency operations planning team will establish a schedule for annual review of planning documents by those tasked in them.

D. Update

1. This plan will be updated based upon deficiencies identified during actual emergency situations and exercises and when changes in threat hazards, resources and capabilities, or district/school structure occur.
2. The Basic Plan and its annexes must be revised or updated by a formal change at least **every three years**. Responsibility for revising or updating the Basic Plan is assigned to the emergency operations planning team.
3. The superintendent is responsible for distributing all revised or updated planning documents to all departments, agencies, and individuals tasked in those documents.
