

FISD Strategic Planning

Goals, Strategies & Tactics

GOALS

- Each student will maximize their potential.
- Each student will be a life-long learner, prepared for their future.
- Each student will be a contributing member of the global society.

STRATEGIES & TACTICS

We will cultivate the social and emotional intelligence in each learner.

Tactics:

- By 2020, all staff will receive ongoing professional development enabling them to provide social and emotional support for all students.
- By 2021, create and implement a comprehensive social and emotional learning plan for all content areas and grade levels.
- By 2021, enculturate a safe and engaging social and emotional learning among all staff and students.

We will ensure each student has opportunities to explore personal interests to discover their passions and purpose.

Tactics:

- By 2020, a strengths mindset will be incorporated into the culture of all campuses of the district.
- By 2020, students will identify and participate in Service Learning opportunities annually.
- By 2020, all students will build and update a digital portfolio that reflects their personal interests, passions, and purpose.

We will design innovative learning environments.

Tactics:

- By 2022, all teachers will implement student-centered instructional models through innovative teaching and learning practices.
- By 2021, all campuses will create and utilize shared collaborative spaces.
- By 2022, every student and teacher will have access to and utilize innovative technologies in all learning environments.
